

ADP - XAI

Audio Distribution Panel(s) - XLR Analog Input

A versatile audio distribution panel designed for audio signal routing with multiple input, making it ideal for various audio setups.

Application:

- Gaming
- Audio DIY
- Musical Instrument

Features:

- Label and marking system
- High quality surface finishing
- Unity panel size (2.75" x 1.75")
- Neutrik A series panel mounted
- Simplify audio breakout difficulties
- Laser engraving

Top view

Note: View is in 1:1 scale

Note: The screw terminal connectors could be replaced with JST XH connectors as per request.

Dimension/ Weight:	
PCB Dimension and Component Height	57.15(2.25") x 38.10(1.5") x 31.70(1.25")
Panel Dimension	69.85(2.75") x 44.45(1.75")
Panel Thickness	4mm
Unit Weight	64.7g
Connector Used	Screw terminal P=2.54mm (8A) and JST XH (3A)
PCB Thickness	1.60mm

Note : Screws for the XLR connectors will be fastened in advance. Eight pieces of screws for securing the panel will be provided as standard accessories.

Applications for Various Surfaces

Plastic Surface

Metal Surface

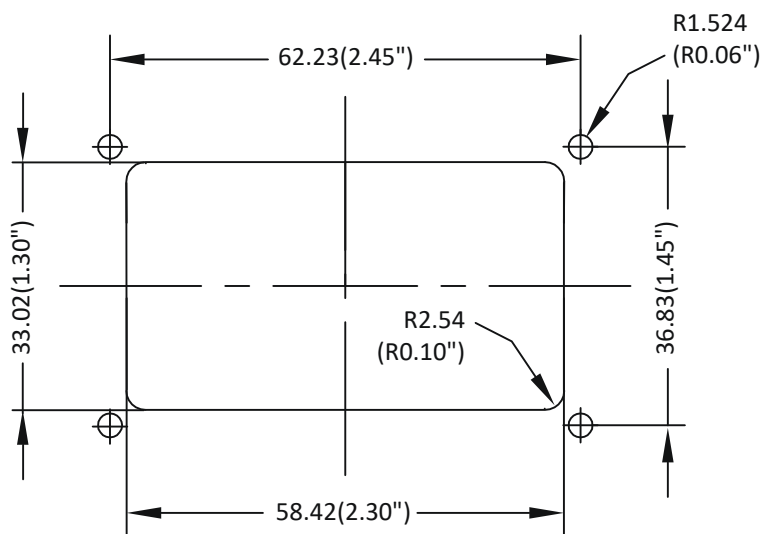

Wood Surface

Note: 3D view is not in 1:1 scale

Note: The length of the housing measures 6.25 inches, excluding the panel thickness. The dimensions provided above only refer to the housing itself and do not include the panel and any components that are part of the assembly.

Note: All retail customer will received the default connector.

Note: The provided image of the tracing illustrates the distinction between the two types of jacks, the screw terminal, and the XH connector. On the PCB, locate the TRS or XLR connector by referring to the pcb silkscreen.

Standard Accessories

x 4pcs

**M3 x 8mm Hex Socket Head
Cap Screw 0.5mm Fine
Thread**

•Suitable for a metal surface.

x 4pcs

**M3 x 12mm Hex Socket Head Cap
Screw 1.2mm Coarse Thread**

•Suitable for both wood and plastic
surfaces.

x 1pc

**Rubber Tape 20mm x 250mm x
2mm**

Product Series Brief

ADP-XAI (Female)

ADP-XAO (Male)

ADP-BAO

ADP-DIO

ADP-SPO

ADP-RAP

Note: The illustrations provided here represent specific product series but do not cover the full range of available product series. There are additional product series not shown in this manual.

Origin and Design Location

All Wondom products are designed, manufactured, assembled, and shipped from Malaysia. The products' country of origin is Malaysia.

Frequently Asked Questions

1. Is there a conversion board available for ADP products?

Yes, our conversion board is meticulously crafted to facilitate seamless connectivity between this product and ADP product series. For more information and to explore our available conversion board options, please visit our website at www.wondom.com.

2. Is there a long-term supply of the product available?

Yes, the ADP product has been meticulously maintained in-house for at least 5 years to ensure consistency and accessibility. We always maintain a sufficient stock to meet any requirements. For further inquiries, please contact our customer service.

About the Manual

This manual displays general installation guidelines. However, please note that proper installation of components requires qualified experience. If you do not have the knowledge and tools to successfully perform this installation, we strongly recommend consulting an authorized WONDOM dealer about your installation options. Keep all instructions and sales receipts for reference.
